BAND BIO

Drive Time is an innovative bluegrass band based out of Roxboro, NC. The band is known for their hard driving sounds and sweet, high harmonies. With veteran sidemen (and women) who have toured nationally and regionally with the likes of Sideline, The Kristy Cox Band, Nu-Blu, Tyler Williams Band, and Sweet Potato Pie, these six friends have ventured out on their own to bring you the bluegrass music that has inspired them. Influenced by Illrd Tyme Out, Mountain Heart, The Lonesome River Band, Boone Creek, Doyle Lawson and Quicksilver and countless others, they create their own refreshing sound.

With diverse backgrounds in traditional bluegrass and country music, Drive Time encompasses a unique sound of their own. Coming straight out of the studio, Drive Time is underway to release their second album Summer 2022. Be on the lookout for Drive Time and as their saying goes - Keep a Drive Time state of mind!
